

# Managing Apps on Student Tablets

## Discover Apps

- Go to [play.google.com/edu](http://play.google.com/edu).
- Log in with school email address and password.
- Search for and explore **android apps**.
- Click on an app for more information.
- **Consider This** - Do the applicable subjects and grades fit my needs? Are there in app purchases required to use the app?

## Install Apps

- Click the blue **Install** button.
- Choose continue to allow app permissions.
- **Send to students** by typing your group address (all tablets) or the individual tablet address (1 tablet).
- **Save changes**.
- Apps will now be pushed to the tablets!

## Manage Apps

- Choose **Manage Content** from the Google Play for Education home screen.
- Click on the blue **Uninstall** link beside the app to remove it from devices.
- Click on the blue **Install** link beside the app to reinstall it on devices.
